

INDEX OF "THE LUNAR OBSERVER"  
2006

2020	TITLE	PRINCIPAL AUTHOR	FEATURE	CATEGORY
September	The Lunar 100	Anunziato, Alberto	Lunar 100	Topographic Studies
February	Nöggerath Family	Anunziato, Alberto	Nöggerath	Topographic Studies
February	Is Bliss a Banded Crater?	Anunziato, Alberto	Bliss	Topographic Studies
March	Some Historical Considerations About The Star In The Moon In 5	Anunziato, Alberto	Moon	TLP
March	Hipparchus C in the Terminator	Anunziato, Alberto	Hipparchus	Topographic Studies
May	Scheele Arc	Anunziato, Alberto	Scheele	Topographic Studies
June	Norman and Euclides C, Twin Craters	Anunziato, Alberto	Norman and Euclides C	Topographic Studies
July	Euclides D in the Landscape of Mare Cognitum	Anunziato, Alberto	Euclides	Topographic Studies
August	Sinus Lunicus, Man's First Contact with the Moon	Anunziato, Alberto	Sinus Lunicus	Topographic Studies
September	Another Dream Bridge in the Shore of Mare Crisium	Anunziato, Alberto	Mare Crisium	Topographic Studies
September	Carrel, a Copernican Crater in Mare Tranquillitatis	Anunziato, Alberto	Carrel	Topographic Studies
October	Philolaus, Land of Adventure	Anunziato, Alberto	Philolaus	Topographic Studies
November	Dorsa Geikie	Anunziato, Alberto	Dorsa Geikie	Topographic Studies
November	Central Ridges on Heraclitus and Stofler	Anunziato, Alberto	Heraclitus	Topographic Studies
December	Some Considerations about Visual Observations of Wrinkle Ridges	Anunziato, Alberto	Wrinkle Ridges	Topographic Studies
April	A Trip Around Tycho	Anunziato, Alberto and Babino	Tycho	Topographic Studies
May	Bright Triangles on the Great Dark Lake	Anunziato, Alberto and Cardano	Plato	Topographic Studies
May	Banded Craters Near Bullialdus	Anunziato, Alberto and Cardano	Bullialdus	Topographic Studies
June	A Possible Explanation for the Bright Points in Mutus F	Babino, Sergio and Anunziato	Mutus F	Lunar Geologic Change
November	An "X" Northeast of Nicollet	Babino, Sergio and Anunziato	Nicollet	Topographic Studies
December	The Elusive Craterlet on the Northwest Rim of Peirce	Babino, Sergio and Anunziato	Peirce	Topographic Studies
November	A 3D Moon	Cabrera, Victor and Teysseier	The Moon	Topographic Studies
November	Size Comparison Between Full Moons Perigee and Apogee in 20	Cabrera, Victor and Teysseier	The Moon	Topographic Studies
February	Is Bliss a Banded Crater?	Cardinalli, Francisco Alsina	Bliss	Topographic Studies
August	Between Meneleus and Theophilus, Dionysius	Cardinalli, Francisco and Anunziato	Dionysius	Topographic Studies
February	Hesiodus/Pitatus Light Cone	Eskildsen, Howard	Hesiodus	Topographic Studies
February	Basin Transition	Eskildsen, Howard	Bailey	Topographic Studies
February	Rimae Sirsalis	Eskildsen, Howard	Rimae Sirsalis	Topographic Studies
February	Birt Domes and Region	Eskildsen, Howard	Birt	Topographic Studies
January	Lacus Mortis	Eskildsen, Howard	Lacus Mortis	Topographic Studies
January	Vitruvius and Cauchy Domes	Eskildsen, Howard	Vitruvius and Cauchy	Topographic Studies
January	Kies Domes and Marth	Eskildsen, Howard	Kies and Marth	Topographic Studies

INDEX OF "THE LUNAR OBSERVER"  
2006

January	Gambart Domes	Eskildsen, Howard	Gambart	Topographic Studies
January	Capuanus Domes 2019.12.06	Eskildsen, Howard	Capuanus	Topographic Studies
January	Lansberg D Domes	Eskildsen, Howard	Lansberg	Topographic Studies
March	Gardner Megadome	Eskildsen, Howard	Gardner	Domes
May	Messier Shadows	Eskildsen, Howard	Messier	Topographic Studies
July	Musings on Theophilus	Eskildsen, Howard	Theophilus	Topographic Studies
July	Northwest Moon and Horrebow	Eskildsen, Howard	Horrebow	Topographic Studies
August	Three Amigos, Ptolemaeus, Alphonsus and Arzachel	Eskildsen, Howard	Ptolemaeus	Topographic Studies
October	Mare Humorum Region	Eskildsen, Howard	Mare Humorum	Topographic Studies
November	Pythagoras-Carpenter Region	Eskildsen, Howard	Pythagoras	Topographic Studies
November	Oriente (the image that almost wasn't)	Eskildsen, Howard	Mare Orientale	Topographic Studies
November	Northern Moon	Eskildsen, Howard	Anaxagoras	Topographic Studies
November	Taruntius	Eskildsen, Howard	Taruntius	Topographic Studies
April	Fauth	Hayes, Robert Jr.	Fauth	Topographic Studies
February	Galle	Hayes, Robert Jr.	Galle	Topographic Studies
February	Clausius	Hayes, Robert Jr.	Clausius	Topographic Studies
March	Herodotus	Hayes, Robert Jr.	Herdotus	Topographic Studies
May	Cassini C and E	Hayes, Robert Jr.	Cassini	Topographic Studies
May	Fauth	Hayes, Robert Jr.	Fauth	Topographic Studies
June	Euclides and Euclides Zeta	Hayes, Robert Jr.	Euclides	Topographic Studies
June	Von Braun	Hayes, Robert Jr.	Von Braun	Topographic Studies
July	Sirsalis T	Hays, Robert Jr.	Sirsalis	Topographic Studies
August	Hesiodus B and X	Hays, Robert Jr.	Hesiodus	Topographic Studies
September	Pico	Hays, Robert Jr.	Pico	Topographic Studies
September	Messier and Messier A	Hays, Robert Jr.	Messier and Messier A	Topographic Studies
September	Silberschlag and Rimae Ariadaeus	Hays, Robert Jr.	Rimae Ariadaeus	Topographic Studies
September	Ariadaeus and Sosigenes	Hays, Robert Jr.	Ariadaeus and Sosigenes	Topographic Studies
December	Müller	Hays, Robert Jr.	Müller	Topographic Studies
February	A Mid-Morning Landscape	Hill, Richard	Posidonius	Topographic Studies
February	Asperitatis Daybreak	Hill, Richard	Theophilus	Topographic Studies
February	Wonderful Things to See	Hill, Richard	Aristoteles	Topographic Studies
February	Goodnight to the Lake of Death	Hill, Richard	Lacus Mortis	Topographic Studies
January	A Gemma of a Region	Hill, Richard	Gemma Frisius	Topographic Studies

INDEX OF "THE LUNAR OBSERVER"  
2006

January	Down Under	Hill, Richard	Licetus to Boussingault	Topographic Studies
January	Meet the Catena	Hill, Richard	Abulfeda	Topographic Studies
January	Lost in the Glory	Hill, Richard	Hipparchus	Topographic Studies
March	East of Deslandres	Hill, Richard	Deslandres	Topographic Studies
March	Lunar Central	Hill, Richard	Sinus Medii	Topographic Studies
May	Pure Nectar	Hill, Richard	Mare Nectaris	Topographic Studies
May	Janssen Redox	Hill, Richard	Janssen	Topographic Studies
May	Heading South	Hill, Richard	Clavius	Topographic Studies
May	The Shore of Two seas	Hill, Richard	Caucasus	Topographic Studies
June	The "X"	Hill, Richard	Lunar X	Topographic Studies
June	Nicholas Again	Hill, Richard	Copernicus	Topographic Studies
June	A Humid Place on the Moon	Hill, Richard	Gassendi	Topographic Studies
June	Never Gets Old	Hill, Richard	Copernicus	Topographic Studies
June	East of Nectar	Hill, Richard	Gutenberg	Topographic Studies
July	Long Crack	Hill, Richard	Sirsalis	Topographic Studies
July	Almost Full	Hill, Richard	Grimaldi	Topographic Studies
July	A Bit of Thebit	Hill, Richard	Thebit	Topographic Studies
July	On the South Shore	Hill, Richard	Fracastorius	Topographic Studies
August	No Safe Distancing Here!	Hill, Richard	Heraclitus	Topographic Studies
August	Looking Around the Corner	Hill, Richard	Janssen	Topographic Studies
September	Little Brother	Hill, Richard	Eratosthenes	Topographic Studies
September	The Ends	Hill, Richard	Endymion	Topographic Studies
September	From Philosopher to Bay of Rainbows	Hill, Richard	Sinus Iridum	Topographic Studies
September	North of Brahe	Hill, Richard	Tycho	Topographic Studies
October	Northland	Hill, Richard	Meton	Topographic Studies
October	A Load of Bullialdus	Hill, Richard	Bullialdus	Topographic Studies
November	South of Heraclitus	Hill, Richard	Heraclitus	Topographic Studies
November	Taurus-Littrow Base	Hill, Richard	Taurus-Littrow	Topographic Studies
November	Shadowplay	Hill, Richard	Albategnius	Topographic Studies
December	Spotting Hubble	Hill, Richard	Hubble	Topographic Studies
December	The Land of Cracks	Hill, Richard	Rimae Hyginus	Topographic Studies
December	A Wet Place?	Hill, Richard	Clavius	Topographic Studies
January	Focus-On Plato and Theophilus	Hubbell, Jerry	Plato and Theophilus	Topographic Studies

INDEX OF "THE LUNAR OBSERVER"  
2006

March	Focus-On Tycho and Herodotus	Hubbell, Jerry	Tycho and Herodotus	Topographic Studies
May	Focus-On Lunar 1-10	Hubbell, Jerry	Lunar features	Topographic Studies
July	Focus-On Lunar 11-20	Hubbell, Jerry	Lunar Features	Topographic Studies
September	Focus-On Lunar Targets 21-30	Hubbell, Jerry	Lunar Features	Topographic Studies
November	Focus-On Lunar Targets 31-40	Hubbell, Jerry	Lunar features	Topographic Studies
February	Lunar Domes Near Maraldi D: A Preliminary Report	Lena, Raffaello	Maraldi	Domes
March	The Gardner Megadome and Lunar Volcanic Shields	Lena, Raffaello	Gardner	Domes
November	The Dome Crisium 1 Near Cleomedes G (Preliminary Report)	Lena, Raffaello	Mare Crisium	Lunar Domes
December	Observing Crisium 1 (second preliminary report): Is an Inflation of	Lena, Raffaello	Crisium 1	Domes
September	Detection and Identification of Two Rille-like Features South of C	Lena, Raffaello and Pau, KC	Linee	Topographic Studies
February	Lunar Domes Near Maraldi D: A Preliminary Report	Phillips, Jim	Maraldi	Domes
February	Lunar Domes Near Maraldi D: A Preliminary Report	Teodorescu, Maximilian	Maraldi	Domes
April	In the Deep South	Teske, David	Bailly	Topographic Studies
February	Bullialdus and Surroundings	Teske, David	Bullialdus	Topographic Studies
January	Oh No! Mr. Bill and Billy	Teske, David	Billy	Topographic Studies
March	Lurking in the Shadows	Teske, David	Maginus	Topographic Studies
May	The Hippalus Region	Teske, David	Hippalus	Topographic Studies
June	Landing in the Bay of Luna	Teske, David	Cassini	Topographic Studies
August	A Saucerful of Secrets	Teske, David	Ptolemaeus	Topographic Studies
September	Taruntius, Craters, Domes and Rilles	Teske, David	Taruntius	Topographic Studies
October	Follow Those Rays	Teske, David	Lichtenberg	Topographic Studies
December	In the Land of Astrophysicists	Teske, David	Eddington and Struve	Topographic Studies
March	Thermal Observations of Tycho: A First Look	Wilson, Darryl	Tycho	Topographic Studies
